

Ozark Assisted Living & Nursing Care

This floor plan and list of furnishings will provide guidance in planning the furnishings of your room. A twin size bed will be provided by The Baptist Home unless otherwise approved. The list of room furnishing is what has been found to adequately provide without over crowding the room. We want the room to be comfortable for you but it also needs to be as obstacle free as possible and allow staff the space to do their jobs. Cable TV service is on the wall between the lavatory and bathroom door and the telephone jack is on the long wall.

- Chest of drawers (not a dresser)
- Comfortable chair(s) (please no love seats)
- Bedside table

- Table lamp I floor lamp
- Pictures (our staff will hang those)
